How Changing Technologies and Demographics Influence Transportation Safety

August 21, 2014
FDOT, D7 Auditorium
12:00 p.m. to 2:00 p.m.
(Bring Your Own Lunch)

ALL are Welcome - Meeting is FREE!

Millennials to Uber to Autonomous Vehicles Dr. Steven Polzin, CUTR Dr. Pie-Sung Lin and Lisa Staes, CUTR

The Center for Urban Transportation Research (CUTR) is conducting research on how changing technologies and demographics influence travel behaviors and transportation safety. The following topics will be addressed by CUTR: Dr. Steven Polzin – “What in the World is Going on with Travel Behavior – from Millennials to Uber to Autonomous Vehicles” and Dr. Pie-Sung Lin and Lisa Staes – “Moving Toward Safer Travel – Initiatives to Understand and Improve Travel Safety.”

Districtwide Effort to Improve Transit Access for Pedestrians and Cyclists Elba Lopez, FDOT D7, Regional Transit/Intermodal Systems Planning Demian Miller, Project Manager, Tindale-Oliver & Associates

The FDOT, District Seven Regional Transit/Intermodal Systems Planning office is in the process of analyzing bicycle and pedestrian access to transit. The goal of the project is to improve the safety of cyclist and pedestrian access to transit, while improving overall bicyclist and pedestrian safety in the region. This presentation will provide an update on this districtwide effort and will summarize the methodology by which locations and corridors have been prioritized for study, show examples of field study observations and proposed solutions, and discuss challenges and next steps.

Safe Mobility for Life Program for 65+ Gail Holley, FDOT Central Office, Safe Mobility for Life Program

The FDOT's Safe Mobility for Life Program provides a comprehensive, positive, strategic approach to reduce the crash, injury, and fatality rate for Florida's 65+ population, while helping older adults maintain independence and quality of life even after driving cessation. The FDOT has partnered with the Pepper Institute on Aging and Public Policy at FSU to establish a statewide coalition to address the specific needs of Florida's aging road users. This presentation will provide a summary of the program underway, the partners involved and links to materials produced by FDOT.

Meeting will be submitted for 2 AICP CM and 2 PE PDH Credits

For more information on the meeting please contact Kasey Cursey at kasey.cursey@urs.com.
